Born in Rome on January 7th, 1994

Currently I am working as a PhD student at IMT School for Advanced Studies Lucca, started on the 6th of November, 2017

High school graduation obtained in 2012 at Liceo scientifico G. Keplero in Rome with grade 100/100.

Bachelor degree in Mathematics obtained at the Mathematics and Physics department of Università degli studi di Roma Tre, on the 15th of July, 2015 with grade 110/110 cum Laude.

Master degree in Mathematics obtained at the Mathematics and Physics department of Università degli studi di Roma Tre, on the 18th of July, 2017 with grade 110/110 cum Laude.

Winner of Indam scholarship in 2012.

English language certificates FIRST and TOEFL obtained in 2012 with level C1.

Winner of Erasmus scholarship during the academic year 2014/2015, from sept. 2014 to dec. 2014 studied in the University Of Edinburgh.

Good knowledge of the programming languages C, Java and Android, moderate in HTML and PHP.

Very good knowledge of the softwares Matlab and Mathematica, and of the Latex language.

Moderate knowledge of the Office pack and Maple software.

I was an assistant tutor at UNINT for the introductory course in mathematics and for support lessons in September and October 2017.

I was a tutor in the following subjects at the University:

- AM120 - Mathematical analysis 2 from Feb. 2014 to June 2014
- GE220 - Topology from Feb 2016 to June 2016
- IN110 - Computer science 1 from Sept. 2016 to Jan. 2017.
- Ge220 - Topology and AM120 - Mathematical analysis 2 from Feb. 2017 to June 2017.

Didactic support for the project Nepal Algebra Project (NAP) in 2016:
<http://www.rnta.eu/nap/nap-2016/lectures.php>.

Finished Rome's Marathon in 2014 with an approximate time of 4h 20m.
