### **SELECTION COMMITTEE**

The Selection Committee is nominated by decree by the Rector of the IMT School in accordance with the School regulations.

The Selection Committee may be assisted by a Preliminary Evaluation Committee, which is also nominated by the Rector and can comprises IMT School Professors, Assistant Professors, Post-Doctoral Fellows, or experts from relevant fields.

### **EVALUATION CRITERIA AND SELECTION PROCEDURE**

#### **Evaluation criteria**

The Selection Committee will evaluate candidates'

- academic background, knowledge, skills, and scientific potential;
- general aptitude for research and potential to collaborate in the specific research activities of the PhD Program;
- interdisciplinarity, knowledge, and skills with reference to the multidisciplinary of the IMT School PhD Programs.

#### **Assessment of qualifications**

The first phase of the selection procedure is the assessment of qualifications. This assessment is carried out in relation to the specifics of the PhD Program and specifically to determine who is admitted to the interview.

In the assessment of qualifications phase, the evaluation of the candidates is carried out by the Committee - defined in the previous paragraph, "Selection Committee" - and based on the candidates' application form, uploaded documents, and reference letters provided by referees.

Based on the assessment of qualifications, the Selection Committee will draw up a shortlist of candidates admitted to the interview in alphabetical order.

The **shortlist of applicants admitted to the interview and interviews schedule** will be published on the School's website and Online Notice Board ("*Albo Online*").

This is the only official communication of the preliminary results to all applicants.

#### **Interview**

During the comprehensive interview, the Selection Committee will assess the candidates' knowledge and skills with reference to the specific characteristics of the PhD Program.

The Selection Committee will assess all interviews by assigning a score (up to 100 points): applicants scoring at least 70 out of 100 will be eligible for the Program and, therefore, listed in the final ranking.

#### **Final ranking**

At the end of the **interviews** (which will take place in the period **July 14<sup>th</sup> and 15<sup>rd</sup>, 2025**), the Selection Committee will draft the final ranking of the eligible candidates according to their scores obtained in the interview.

In the event that additional subject-restricted positions become available after the opening of the present call for applications, the Selection Committee reserves to assign eligible candidates to the relevant rankings.

If multiple candidates get the same score, preference will be given to the youngest candidate.

In the event of the withdrawal or exclusion of a candidate, they shall be replaced by the next suitable candidate according to the ranking.

If the ranking of the PhD Program does not list enough eligible candidates to allocate all available positions, the remaining scholarships will be assigned according to the ranking of other eligible candidates of the other PhD Programs.

All rankings will be published on the School's website and Online Notice Board ("*Albo Online*").

### **ENROLLMENT**

Once admitted to the PhD Program, candidates wishing to enroll must submit the complete enrollment form to the IMT School **no later than five (5) days from the publication of the results** on the School's Online Notice Board ("*Albo Online*") and website, using one of the following methods:

- in person or by post to:  
IMT School for Advanced Studies Lucca  
PhD and Higher Education Office  
Piazza S. Ponziano, 6  
55100 Lucca – Italy
- by email to [phdapplications@imtlucca.it](mailto:phdapplications@imtlucca.it)
- by certified email to [imtlucca@postecert.it](mailto:imtlucca@postecert.it)

Failure to submit the enrollment request by the deadline and through the above-mentioned methods will result in an automatic withdrawal of the candidate from the Program.

The enrollment request is valid only if all the requested documents have been enclosed.

If any of the documents submitted during the application procedure do not correspond to those submitted during enrollment due to an intentional false declaration, the applicant will automatically lose their right to enroll in the program.

Enrollment is effective on the first day of official classes. Unauthorized absences may nullify the enrollment procedure.

### **SCHOLARSHIPS**

The scholarship amount is 16,243.00 Euros/year and shall be disbursed in monthly installments.

For any research or training activities at universities or research centers abroad, the scholarship amount is increased by 50% for up to 12 months. This period can be extended up to 18 months in case of co-tutored Programs established with a foreign institution and/or in case of Programs established in agreement with other institutions.

Scholarships are subject to the payment of social security contributions (INPS) managed separately under Article 2, paragraph 26 of Law no. 335 of August 8, 1995, as amended, with two-thirds paid by the Administration and one-third by the scholarship recipient.

Admitted candidates who have already benefited from a PhD scholarship in Italy cannot be assigned another one.

The doctoral scholarship, for which financial coverage is already confirmed, has a maximum duration of three years and is subject to annual renewal, pending verification, as established by Articles 15 and 16 of the Regulations of the

SCHOOL  
FOR ADVANCED  
STUDIES  
LUCCA

IMT School's PhD Program. The fourth year of the scholarship is subject to the same conditions and, in addition, to the verification of financial coverage. Any extensions of the study period do not automatically imply an extension of the period during which the doctoral scholarship is granted.

If a student withdraws or is excluded within 45 days from the beginning of the Program, they are not entitled to the scholarship. The scholarship will be awarded to the next eligible candidate according to the final ranking. For this reason, the first scholarship payment will be made only after the successful completion of the first 45 days of the program.

If a student registers after 45 days from the beginning of the Program, he/she is entitled to the scholarship starting from the actual date of enrollment.

## **FACILITIES**

### **Residential facilities: accommodation**

The IMT School provides all students with beds in shared double rooms with a private bathroom, primarily in the university residence, for a period of 3 years starting from the time of enrollment, except for periods spent off campus for study and/or research.

The School can revoke the right to accommodation if it is rarely or not used.

### **Residential facilities: canteen**

The IMT School provides all students with free meals (lunch and dinner) at the School canteen located on campus for a period of 3 years starting from the time of enrollment. Lunch and dinner are served each day, Monday through Sunday, for the entire academic year, except for the closing periods.

### **Other facilities**

All PhD students have access to library facilities and can benefit from the IT support services for all technical requests related to study and research until the thesis defense.

The School subscribes to an insurance policy for all PhD students. It provides coverage against accidents and injuries incurred by students in Lucca or abroad while performing academic activities. The IMT School also provides students with health insurance policies for research trips outside Europe (students are automatically covered in European countries).

All international PhD students are offered the possibility to take an Italian language and culture course.

## **TREATMENT OF PERSONAL DATA**

The IMT School will use the personal data provided by applicants solely for selection procedures and institutional aims in accordance with the provisions of the current European and Italian legislation (EU Regulation 2016/679 and Italian D. Lgs. 196/03 - *Italian Privacy Code*, as modified by the D. Lgs. 101/2018) and the relevant School Regulations.

Applicants are granted all the rights established by art. 15, sections 2, 3, and 4 of Chapter III, and art. 77 of the EU Regulation 2016/679.

For further information regarding the call and the selection procedure, please contact the PhD and Higher Education Office by email at [phdapplications@imtlucca.it](mailto:phdapplications@imtlucca.it) or by phone at +39 0583 4326530.

Further information regarding the PhD Programs and the IMT School is available at [www.imtlucca.it](http://www.imtlucca.it).

**FINAL PROVISIONS**

Relevant laws and the IMT School PhD Regulations shall be applied to any issue or item not covered by the present call for applications.
